3/17/70

Dear Harold,

Nothing in Phila. papers about suit (which I think is great having read what Bud sent).

Today I called the two major papers and both said they never received anything about this, don't have it on file. The Inquirer asked for a copy of the press release to work on, possibly to talk to you so I am sending them mine(carbon of letter enclosed). The Bulletin was also interested and said that they would call UPI and find out if the story was really sent out. They said they would get them to send it out again--something of that nature. Both papers seemed interested but it is hard to tell if they weren't really putting me on.

Good luck,

Howard
